

**MASTER FORMULA Xtreme Gloss Instant Detailer** was designed to satisfy your demand for extreme high gloss, and instant perfection without compromise. This new spray-on polish produces a wet look gloss with flawless reflections like a mirror. It's so easy, it's actually fun to use. Just spray it on and wipe it off when you're done.

We designed this formula to polish a mid-sized car to an extreme high gloss in less than ten minutes. It creates wet look reflections with no swirls, streaks, or spots, and is effortless to use.

**Master Formula Xtreme Gloss Instant Detailer** also includes in its formula a protective sealer that provides a high gloss, water proof, protective shield to protect your clear coat finish between washes.

**Xtreme Gloss** was also designed for your chrome and polished aluminum. Again, simply spray it on and wipe it off, and you're done. That's all there is to it. Once you use it, you'll be a customer for life.

**ALSO AVAILABLE IN 32 OZ. SPRAY BOTTLES  
4 OZ.: PART NO. 9003 / 32 OZ.: PART NO. 9002**
